Good morning Stan,

Thank you for your inquiry. Our office encourages anyone to bring matters of concern regarding conflicts of interest and perceived conflicts of interest to our office. We will review the concern in an objective, timely fashion while at the same time respecting the rights of the individuals. Any recommendations or findings will be followed up appropriately. Due to privacy legislation, we unfortunately will be unable to share any updates with you on the matter. Thank you.

Respectively,

Paz Pino

Hello,

I'm wondering if the UBC Conflict of Interest (COI) Committee should review this situation. Please see the attached letter and the email string below, for more details. Four UBC scientists are listed on this published research paper (see attached), and I wonder if they did not disclose a potential conflict of interest related to the funding of a research project they were involved in?
